Detailed Project Description and Justification:

This project has not started. This project will construct a storm drain extension that connects the 75th Avenue/Margaret Circle area with the existing storm drain system in 76th Avenue. 75th Avenue is among the most deteriorated roads in the Anchorage Roads and Drainage Service Area (ARDSA). This deterioration is caused by a lack of drainage. This project is a high priority for Street Maintenance and the community council. If the full state grant match is not forthcoming in FY2011, the match could be provided in phases as noted below:

Design/Right of Way/Utilities \$100,000
